**Protective Treatments** 

# **MARBLE & GRANITE PROTECTOR**

## Invisible, fast-drying Stain-proof treatment for marble, granite, and natural stone.

**MARBLE & GRANITE PROTECTOR** is a solvent-based, stain-proof impregnating treatment for the protection of all types of marble, granite, and natural stone against staining agents.

**MARBLE & GRANITE PROTECTOR** is completely invisible and will not change the appearance, of the treated surface. It doesn't create a film on the surface, It doesn't alter the breathability of the treated surface. When applied on materials that are more sensitive to color changes following absorption, the product may slightly enhance the colour of the treated material.

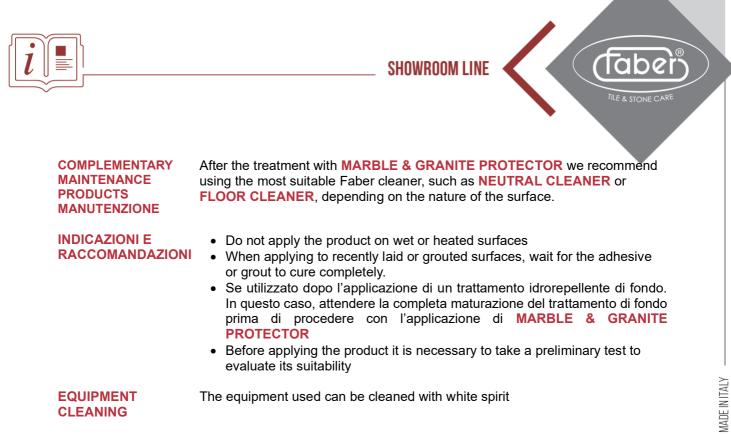

BENEFITS	<ul> <li>Great stain-proof protection</li> <li>UV Resistant</li> <li>It won't yellow overtime</li> <li>It reduces the ability of the surface to store dirt</li> <li>Certified safe to be used on surfaces that are in contact with food</li> </ul>
USES	<b>Suitable</b> for indoor and outdoor applications. <b>Suitable</b> for Marble, Granite, Limestone, Sandstone, Slate, Basaltina, Quartzite, Porphyry, Travertine, Marble-cement agglomerate, Marble-resin agglomerate, Quartz-resin agglomerate.
COVERAGE	10/15 m <sup>2</sup> /I according to the absorption level of the surface being treated
APPLICATION EQUIPMENT	Brush, roller, lambswool applicator, spray, cloth
APPLICATION STEPS	<ul> <li>Before applying the product it is necessary taking a preliminary test to evaluate the suitability of the product on an unexposed area or unused piece of material Surface Preparation</li> <li>Carefully clean the surface, making sure to remove any dust or dirt present.</li> <li>Wait for the surface to be treated to be completely dry.</li> <li>All surfaces close by not being treated must be protected</li> <li>Apply the treatment on surfaces with a temperature between +5 and +40°C</li> </ul> <b>Applicazione</b> <ul> <li>Apply an even layer of product to cover the whole surface being treated, using the tools of choice. Make sure to create an even, seamless layer and to quickly cover the whole surface. <ul> <li>After 10 minutes from the application, make sure that on the surface there are no residues and build-ups. If some residues are present make sure to even them out until fully absorbed. <ul> <li>When applying the product to more absorbing surfaces, apply a second coat about 1 hour after the first one following the same procedure described</li> </ul></li></ul></li></ul>
	about 1 hour after the first one, following the same procedure described above.

#### Resume Surface Use

Surfaces will be dry about 1 hour from product application. When used on floor surfaces, wait at least 4-6 hours before opening the floor to foot traffic.

MADE IN ITALY

100%

### PHYSICAL AND TECHNICAL DATA

PRISICAL AND TECHNICAL DATA		
Formula	Liquid	
Color	Clear	
Odor	Solvent	
Flammability (ASTM D	56) <21 °C	
Specific gravity 20°C	0.805 g/cm <sup>3</sup>	
STORAGE	Keep the container tightly closed and store in a cool, dry place.	
SHELF LIFE	36 months in the original, sealed packaging, stored in a cool, dry place.	
PACKAGING	1 l bottles - 12 bottles per box	
	5 I bottles – 4 bottles per box	
ACCIDENTAL	Soak up the product with an absorbent material (paper towels, sawdust,	
SPILLS	vermiculite, etc.) and dispose of it in the most suitable waste container.	
SAFETY	When applying the product, always use suitable personal protective equipment	
	and follow the instructions on the product safety data sheet with care.	

#### Rev6.0 - 12/09/2022

This technical data sheet supersedes all previous versions. Always refer to the latest version of the data sheet, available on www.fabersurfacecare.com site. Faber Chimica reserves the right to update and/or modify the data and information contained in the datasheet.

The information in this data sheet is based on our wide experience in technical and operational research. In any case, you should always make a preliminary test to verify the suitability of the product for the intended use and the type of material on which it will be applied. The information and the suggestions can't be construed as a commitment or result in our responsibility as the conditions and method of use of the product cannot be controlled by us. Therefore Faber Chimica Srl disclaims any liability concerning the use of such data and suggestions.
