

Detergents

CONSTANCE CLEANER

Descaling detergent with gentle action
for day-to-day cleaning of all surfaces

CONSTANCE CLEANER is a water-based product, specifically for daily cleaning of all surfaces. Thanks to its scale removing properties, it can be used to remove residues of lime scale from all surfaces. Following a careful application, without letting the product react for long time on the surface, the product can be used even on the more delicate surfaces, such as marble, since the product is acid free.

CONSTANCE CLEANER is especially recommended for cleaning shower cubicles, taps and fittings, stainless steel, bathroom fixtures and any other surface where lime scale can build up. It is quick and easy to use, thanks to its practical spray dispenser.

CHARACTERISTICS AND BENEFITS

- ✓ A versatile product, suitable for use on different types of material
- ✓ Ready to use
- ✓ Top-level cleaning action
- ✓ Excellent scale removing power
- ✓ Quick and easy application
- ✓ It is gentle on surfaces but effective against dirt.

USES

This product **can be used** on both indoor and outdoor surfaces.

Suitable for use on all surfaces

COVERAGE

According to use

APPLICATION EQUIPMENT

Rag, sponge, micro fibre cloth

APPLICATION STEPS

Before applying the product to the whole surface, always test a small, unexposed area or unused piece to check its suitability for use.

1. Before proceeding to wash the surface, it is advisable to clean away any surface residues, such as dust, debris and coarse dirt, using a broom or a vacuum cleaner.
2. Apply the product directly to the surface being cleaned, using the spray.
3. Distribute the product evenly by wiping it over the surface with a sponge, cloth or other chosen means, rub over the surface to help the scale removing action.
4. Immediately after the application rinse well with water

INSTRUCTIONS AND GUIDELINES

- Never leave undiluted product in contact with surfaces for extended periods of time. This guideline is very important when using the product on marble, where we suggest to not let it for more than 1 minute.
- Before applying the product to the whole surface, it is advisable to test a small, unexposed area or unused piece to check its suitability for use.
